Annually

Breeder's Terms: \$2000 including a
\$300 booking fee;

Premium/Elite/Keur, Premium
Producing, & Performance Proven
Mare discounts; multiple mare &
return breeder discounts

Origin: Royal Prince's sire

Rohdiamant was a highly successful Grand Prix dressage competitor who was short-listed for the US Olympic Team with Lisa Wilcox. Grandsire Rubinstein also competed at the Grand Prix level and is known for the excellent rideability of his offspring. Royal Prince's dam Piri Piri is by the influential Thoroughbred stallion Prince Thatch xx. Piccolino, by Prince Thatch, helped secure the Team Gold for Germany at the 2003 European Dressage Championships and placed 6th individually.

Performance Record: Royal Prince was Reserve Champion at both his 30 and 70-day tests, he earned a 10 for rideability and a 9 for willingness to work. As a five-year-old, he won the East Coast Selection Trials for the World Championships for Young Horses with an unprecedented score of 9.82. Later that year, Royal Prince finished in fourth place at the World Championships for Young Horses. He was the highest-scoring Hanoverian at the championships that year, and is the highest-scoring American horse to date. Royal Prince finished the 2004 season by winning the US National Championships for Five-Year-Olds with an overall score of 9.14. Royal Prince repeated his East Coast Selection Trials win in 2005 and returned to the World Breeding Championships to represent the US. He consistently earned 9's and 10's for his walk, 8's and 9's for his trot, canter, and submissiveness over these two years. In the fall of 2007, Royal Prince returned to the show ring and the winner's circle with his new trainer, Michael Bragdoll.

Breeding/Progeny Record: Royal Prince's foal crops are showing their sire's elegance, refinement, and movement. Rheporter, bred by Mo Swanson out of EM Whispre, was Grand Champion at the MAHB Mare Show and Reserve Champion Filly of Dressage at Devon in 2007. Royal Prince has sired numerous Site Champions and Premium Foals and we look forward to his oldest offspring being started under saddle in 2008.
